

DermaFrost Salicylic Peel

Renew and revitalize the skin with potent anti-aging peptides, powerful antioxidants, stem cells and botanicals. Infuse the skin with intelligent ingredients that will stimulate new cell growth, repair and rejuvenate all skin types leaving a firm luminous glow.

Client Preparation:

A full client consultation is necessary before treatment. Have client complete and sign the peel consent form. Verbally repeat contraindications before proceeding with peel. Provide the client with hair and eye protection.

Application:

Cleansing:

1. Pre-cleanse with **Vitamin Veil Cleanser**, cleanse in circular motions, rinse thoroughly.
2. Cleanse with **Lipid Replacing Cleanser**, cleanse in circular motions, rinse thoroughly and pat skin dry.
3. Place a thin layer of vaseline on the lips and nasolabial junction with a cotton swab.
4. Take a minute to check the skin under the magnifying light, looking for any skin irregularities that might have been hidden by make-up during the initial evaluation.

Treatment:

1. Dispense 3 ml of **DermaFrost peel solution** into a portion cup.
2. Give client the hand held fan to hold and direct at their face.
3. Using a cotton 4x4 or fan brush dip into solution. Press onto the side of the cup to remove excess. Apply an even layer beginning at the forehead, then proceeding to the cheeks, nose, chin and upper lip.
4. Client will feel a slight burning or warming sensation until the product completely frosts and dries. Wait until the product is thoroughly dry before checking for frosting. Check under woods lamp or magnifying lamp for signs of frost.
5. If no frosting is visible and client did not experience any burning sensation, a second layer may be applied. (Dermafrost 12.5% only. Never apply more than one layer of Dermafrost 25%). Always ask client first for tolerance level. Ask them to rate the burning sensation on a scale of 1 to 10 (10 being severe burning). Wait at least 5 minutes between layers. Do not exceed 2 layers.
6. Wait 7 minutes. When thoroughly dry, remove excess frosting with a DRY fan brush.
7. DO NOT perform extractions.

NEVER APPLY WATER TO REMOVE THIS PEEL (IT WILL REACTIVATE THE ACID)

Completing Treatment:

1. Instruct client on home care program.
2. Reschedule client for follow up treatment.

Post Care Precautions:

1. Do not cleanse skin for 12 hours after the peel.
2. Do not put face directly under hot shower.
3. Do not use Jacuzzis, steam rooms or saunas.
4. Do not participate in activities that would cause excessive sweating.
5. Do not use any scrubs or mechanical forms of exfoliation.
6. No scrubs, retinoic acids, AHA's, BHA's, or astringents until the skin has healed.
7. DO NOT PEEL OR PICK AT THE SKIN.
